Harold Wildeson's Cell 717-860-0001

Vision:

Our first concert was in 2002. "Singing in the Barn" is a concept inspired by God to make available an opportunity to hear the gospel of Jesus Christ in an informal atmosphere through music, drama, giving, and the Word of God. Harold and Karen Wildeson welcome friends, neighbors and families to the barn.

There is plenty of parking for everyone in our front yard. A line forms outside the Barn doors that open at 5:30 p.m. The concert starts at 6:30 p.m. Our barn seating capacity is 1,000 and we are generally able to fill the barn. You may want to bring along lawn chairs just in case the seats are full. The barn is not heated or air conditioned. Please dress appropriately for the weather. The barn is handicapped accessible.

To simplify our overall operation, food will not be provided on the grounds. Our volunteers have been very faithful through the years working to make your experience here at the barn an enjoyable one. Now it is time to allow them the opportunity to fully enjoy each and every concert.

For the safety of your pets and comfort of others, we ask that pets are not brought to concerts. Please, no solicitation or hand-outs, posters, brochures, tracts, etc. from other organizations.
